Subject

pesticide public comment

From: William Rothman, M.D.
14 Cliff Road
Belvedere, Ca 94920
To: Brian Amme
Project Manager, BLM Nevada State Office

Dear Sir:

I am writing to comment on the proposed Vegetation Treatments Using
Herbicides Programmatic EIS.

I urge you to decrease herbicide use, not just to cancel plans to
increase the use of those toxic chemicals.

Here in Marin County, the Marin Municipal Water District has
recently stopped the use of pesticides on the watershed. Right here, in
my home town of Belvedere, pesticides have not been used in our
recreation areas for over three years.

The more we learn about the toxicity of pesticides, the more
dangerous we realize that they are.

Please do not increase their use. Please stop their use all together.

Sincerely,

William Rothman, M.D.
